

**NETSAN**

Netsan Furniture is a family-run home, office and garden modular furniture manufacturer in Türkiye. Our products are being exported to more than 28 countries in Europe, Africa, and Asia...

Our story started in 2013. We planted the seed of big dreams in a small, sixty-square-meter workshop with a few people whose hearts were filled with love and who knew the meaning of hard work very well. Working with determination and patience, never forgetting the point we started, we relied on our dreams and turned our faces to the future.

Our journey that started with furniture production in a small workshop led to the enlargement of our factory working space to thousands of square meters and manufacturing capacity expansion. Today, with a strong dealer network throughout the country, and a growing number of export destinations, we have taken and strengthened our place in the Turkish furniture industry.

As of 2024, we have more than 1200 manufactured wood and hardwood furniture models like TV stands, console tables, console tables, sideboards, bookcases, cabinets, bathroom cabinets, benches, swings, coat racks, coffee tables, makeup tables, nightstands, computer desks, dressers, wall shelves, etc. We can produce custom-designed indoor and outdoor furniture based on customers' specifications and requirements.

What distinguishes us is the certified quality materials and accessories we use in the production of our furniture, such as quality 18 mm thick MDF, particleboard, 18-30 mm thick solid pine wood panel, 0.4, 0.8 and 1 mm thick PVC edge band, and metal, plastic assembly hardware. Quality, stylish design and affordability are integrated into our furniture. We know the value of customer satisfaction and trust. We continue to work endlessly to ensure that our products are worthy of your money, and we deserve your trust.

In our environmentally friendly modern facilities, we are growing day by day with our vision of providing modern designs and maintaining an affordable and sustainable quality of life. We are looking forward to the future with the same determination.

The logo for NETSAN features the word "NETSAN" in a bold, black, sans-serif font. To the left of the text is a red graphic element consisting of a curved line that starts at the top, curves around the left side, and ends at the bottom, resembling a stylized 'N' or a swoosh.
