

NETSAN

Netsan Furniture is a family-run home, office and garden modular furniture manufacturer in Türkiye. Our products are being exported to more than 28 countries of Europe, Africa, and Asia...

Our story started in 2013. We planted the seed of big dreams in a small, sixty square meter workshop with a few people whose hearts filled with love and who knew the meaning of hard work very well. Working with determination and patience, never forgetting the point we started off, we relied on our dreams and turned our faces to the future.

Our journey that started with furniture production in a small workshop led to the enlargement of our factory working space to thousands of square meters and manufacturing capacity expansion. Today, with strong dealer network throughout the country and growing number of export destinations, we have taken and strengthened our place in the Turkish furniture industry.

As of 2024, we have more than 1200 manufactured wood and hardwood furniture models like TV stands, console tables, dressers, sideboards, bookcases, cabinets, bathroom cabinet, benches, swings, coat racks, coffee tables, makeup tables, nightstands, computer desks, dressers, wall shelves, etc. We can produce custom design indoor and outdoor furniture based on customers' specifications and requirements.

What distinguishes us is the certified quality materials and accessories we use in the production of our furniture, such as quality 18 mm thick particleboard, 18 mm thick MDF, 18-30 mm thick solid pine wood, 0.4, 0.8 and 1 mm thick PVC edge band, and metal, plastic hardware. Quality, stylish design and affordability are integrated in our furniture. We know the value of customer satisfaction and trust. We continue to work endlessly to ensure that our products are worthy of your money, and we deserve your trust.

In our environmentally friendly modern facilities, we are growing day by day with our vision of providing modern designs and maintaining an affordable and sustainable quality life. We are looking forward to the future with the same determination.
